

Fire Razes Home At Soda Springs With Heavy Loss

Fire, starting from a still undetermined cause, at 2 a. m. Wednesday completely destroyed a home at Soda Springs with an approximate loss of \$20,000.

The home was owned by Mrs. Marian Jinks but was rented and the renters were absent at the time.

The flames were noted by James Sherritt who lives in the adjoining house and he turned in the alarm and one truck and four firemen from the Truckee department responded. They were Joe Copeland, Charles Olan, Gene Foster and Tom Doley.

The power and telephone lines were burned and for a time residents nearby were without those services.

The local firemen prevented the flames from spreading to nearby structures.

Jim Heuga Winner Of Medal For US In Olympic Skiing

TAHOE CITY—It took a member of the Lake Tahoe Ski Club to uphold the honors for the United States in the Ninth Winter Olympics at Innsbruck, Austria, last week.

Jimmy Heuga, 20 year old son of Mr. and Mrs. Pete Heuga, captured one of the six medals which went to the United States when he scored third in Saturday's slalom, the final race on the Olympic program.

The local boy was .04 of a second (about a foot) behind Billy Kidd of Stowe, Vermont, who took second place and won the silver medal.

These were the first Olympic medals in men's skiing ever won by the United States and came after years of effort and disappointment.

Jimmy decided he wanted to be an Olympic skier after he skied with Buddy Werner, America's first great man skier, at the age of 12. Both Kidd and Heuga are 20 and are expected to form the vanguard of the new crop of American skiers.

Heuga is a student at the University of Colorado where there is an active ski program. Kidd is also expected to enroll there.

Werner, although a terrific skier, has had hard luck. In 1956 he made a great impression in the Olympics in Italy but won no medals. Before the 1960 games at Squaw Valley, he broke a leg in training.

In the final medal standing at Innsbruck, the United States was in 8th place with one gold, two silver and three bronze medals. Russia led with 25 medals with Austria, Norway, Finland, France, Germany and Sweden in that order.

This event is the most important national race to be held for the juniors all season and this year the event is being sponsored by the Lake Tahoe Ski Club at Alpine as well as Squaw Valley. The course for the race is being set by internationally known ski school director Luggi Foeger.

Those who wish to participate in the program are advised to report at the information desk at Alpine Meadows no later than 9 a. m. any day (including weekends). Any number of skiers of any age are eligible to participate.

Shortly before midnight, Stina Leufing, custodian at the club, returned home and found the pair near exhaustion from the cold. She took them to the clubhouse, gave them warm drinks and summoned aid. It is believed the two may have frozen had Mrs. Leufing not arrived on the scene when she did.

Chamber Votes To Support Petition For Incorporation

Directors of the Truckee Donner Chamber of Commerce voted unanimously at Wednesday's meeting to circulate a petition with a view for incorporating the area into a city.

It was suggested that the petition be circulated so that an election may be held in September at the latest so that in event the proposition carries, the city will be in a position to accept revenues from state and local tax money and subsidies in the next fiscal year. Dr. Ben King heads the committee in charge of the incorporation program.

The only opposition to the proposal was voiced by William Von Tagen of Walnut Creek, president of the Donner Lake Property Owners Association. He approved the idea in principle, but opposed the inclusion of Donner Lake.

In other action, President Jack Marquette appointed James Walker, Dr. King and Frank Giovannoni as new members of the board of directors.

Zeph Rose was appointed to contact the Nevada County Board of Trade for the purpose of securing financial assistance in putting on the dedication of the Truckee Airport on June 21.

Winter Sports Is Subject Of Study

By Congressman "Bizz" Johnson
The influence of the winter sports industry upon the economy of an area will be considered in a special year-long study to be made by the department of commerce and the forest service.

In discussing this comprehensive survey with forest service officials, who will be conducting the study, it is apparent that the ski and winter sports facilities of the second, mountain-valley counties, district will play a major role in this survey which is as it should be since some of the finest facilities in the west are located in the 19 counties which make up the Second District.

The department of commerce, through its area redevelopment administration, is financing the portion of the survey with an allocation of \$34,325, but forest service personnel now in the field will do the actual work.

Results of the economic study will provide data and an analysis of ski resort opportunities in the 10 western states and should provide a basis upon which to estimate the impact of such operations upon the local economy.

The three major objects of the study will be: to measure present usage and probable future growth of facilities; to identify particular factors connected with successful operations, and to pinpoint favorable areas for ski development.

Much of the field work will be completed next winter, including interviews with skiers and winter sports operators. The final report is expected about July 1, 1965.

Many words have been written about the skiing ability of 20-year-old Jimmy Heuga who, with Billy Kidd of Vermont, won the first Olympic medals ever won by American skiers and Tahoe City joins the rest of the country in busting its buttons with pride. But the people in Jimmy's home town are just as proud of his good clean sportsmanship as they are of his excellent skiing techniques. In every performance and in every interview and contact with others at the Olympic games in Innsbruck last week, Jimmy typified the very best of young American manhood and his country should be proud to have him represent them.

The Heuga family, long-time residents of the Lake Forest area

of Tahoe City, have all been active in the Lake Tahoe Ski Club and Jimmy, a graduate of the Tahoe Truckee High School, is now a second year student at the University of Colorado. His parents, Lucille and Pete, were excited and proud witnesses at the Games. They are expected to return to their home here on March 6.

Lincoln's Day was given a special significance to the students of Tahoe Lake School this week when they were given the privilege of witnessing some authentic accounts of Civil War activities. The accounts were in the form of original letters and other mementos from the family of Mrs. Bill Collins' great-great uncle, William Budd Stephens of Ohio, was a member of one of the first sections of the Potomac army defending the Capitol and his letters to his sister, Mrs. James ("Annie") Cornell of Ohio, have been preserved by the Collins family.

The letters, written from December 24, 1861 to April 30, 1864, contain interesting reports on the activities of Stephens' regiment. He had enrolled in the army as a very young boy and served as a drummer. Before he was killed, late in 1864, young Stephens sent his last messages through the lines and it was written on the drum-head of his drum.

The students at the school all end thanks to Mrs. Collins for her generosity in lending these documents to the school.

What well-known Tahoe City personality suffered a crushing defeat in a cribbage game this week? What makes the defeat even more of a crushing blow is that it was rendered by a member of the weaker sex, it was a skunk AND he is the self-styled "World's Second Greatest Cribbage Player." We won't give his name, but he's the father of three girls and often seen either on the ski slopes or at the top of a tree (no, not as a Christmas ornament).

CRYSTAL BAY—Even the snow-capped summits of the Sierra surrounding scenic Lake Tahoe seemingly swing to the rhythms of the amazing Bobby Page Show featuring beautiful Merlene Garner—the group that is currently holding forth on the stage of the Topaz Room of the Nevada Lodge, North Tahoe's famed fun spot.

Five swinging musicians, a charming girl and a repertoire of upbeat jazz tunes, glamorous show tunes, novelty numbers and sensitive ballads combine to produce the fast-paced Bobby Page Show that is lighting up the north end of Tahoe every night except Monday in the Nevada Lodge's Topaz Room Theater-Lounge and Dining Room.

The red-hot variety group led by trumpeter Bobby Page holds forth until February 23. Rumors from signaller stationed on the mountains report that the group's antics put them in the "must see" category especially from those who want their entertainment loaded with movement and action.

BOATING DEATHS IN STATE SET AT 81

SACRAMENTO—(CNS)—The death toll from California boating accidents was 81 during 1963 and another 214 persons were injured, the state division of small craft harbors reported.

Lachlan Richards, chief of the division, said he was pleased that, although the total of 492 accidents was 91 higher than a year ago, there were eight fewer fatalities during 1963.

The biggest cause of the accidents was listed as operator fault, which accounted for 203 accidents. This was in addition to 35 blamed on excessive speed, six from overloading, 52 from operation without a lookout, and 115 from the fault of a person other than the operator.

In California... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In California...beer goes with fun, with relaxation

Hat Party Wednesday night February 19 at the Nevada Lodge. The Women's Club of North Tahoe is sponsoring this annual fun party in the Topaz Room with entertainment by Bobby Page and his group and Merlene Garner. Dancing and a twist contest will also be a feature of the evening, as well as a skit presented by the group and the women's club. Working hats is the theme for the hat contest. Prizes for the

prettiest, most original and the funniest hats will be awarded, according to president Inez Jordan. Eleanor Egan is in charge of decorations. Time, 7 p. m., Wednesday, February 19.

The public, any member and their guest are cordially invited to attend or phone Inez for further information. However, Inez personally invites everyone to join in the fun for the evening. The men are invited too.

Happy birthday to Inez Jordan who celebrated her natal day on January 31.

Lt. J/G Paul Roswog, Catholic chaplain, stationed at the Long Beach Naval Station was a visitor

to his mother, Marie Roswog, at Kings Beach recently.

Summer resident, Erna Sumner, who spends the winter at the south shore, has been working at the Crystal Bay Club on weekends.

Sympathy is extended to W. L. Bates of Kings Beach on the death of his brother, E. M. Bates who passed away of a heart attack February 2 in San Bernardino.

Celebrating practically double birthdays were Betty and Dave Solari of Kings Beach who observed their natal days on January 29 and 30. And happy birthday to Laverne McFarlane, Bethel's sister, who celebrated her birthday on January 28. Bethel plans to celebrate her natal day at the hat party, February 19.

Friends will be sad to learn of the passing of Harry J. Kennedy, summer resident of Tahoe Vista and winter resident of Sacramento, on February 2. The Kennedy family have been coming to Tahoe the past 12 years and were former owners of the Sacramento Motel in North Sacramento.

What's doing?

During 1964, Pacific Telephone's construction program in California will be the biggest in the company's history, amounting to \$419 million. This money will help to create thousands of jobs, not only in the telephone industry but in construction and manufacturing, and among the thousands of suppliers we do business with in hundreds of communities throughout the state. Our \$419 million program is a big factor in the state's economy—and

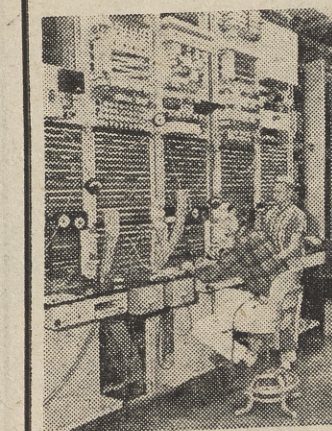

another way we're making sure that telephone service is keeping up with California's growth.

Interesting fact: During a three-minute long distance call, you can say all the words in an average two page letter. For example, if you talk slowly, you'll say about 450 words.

When you talk a "blue streak," the number of words zooms to about 750. In comparison, Lincoln used 267 words in his Gettysburg Address. If spoken over the phone, it'd be well within a three-minute period. So, fast or slow, you can say a lot for very little when you call long distance.

Gil Swan (left) and Elden Brown, Local Pacific Telephone Employees, busy at their never ending job of maintaining some of the automatic telephone equipment necessary for dialing local and long distance calls.

Swan and Brown, along with seven fellow employees, have the responsibility of maintaining all of the automatic equipment in the North Tahoe, Truckee and Soda Springs area.

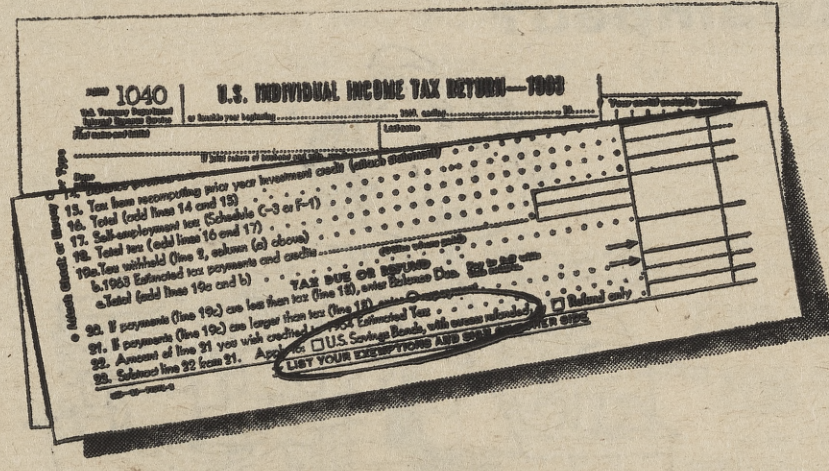

Swan has been with Bell for 8½ years and has lived at Tahoe for the past year and a half.

Brown has 17½ years with P. T. & T. The last 4 of which were spent at Tahoe.

How to get MORE out of your tax refund

When you get your '63 tax return (Form 1040), take a look at line 23 on the bottom of the page.

It gives you the option of taking your refund in U. S. Savings Bonds instead of a check for the total amount.

There are two big advantages:

1. Taking your refund in Savings Bonds gives you an easy way to hang onto it.
2. When your Bonds mature, your refund becomes 38½% bigger. You get back \$4 for every \$3.

You also get a nice red, white and blue feeling from knowing you're helping your country's future as well as providing for your own.

Think it over when you ask for your refund this year.

Quick facts about Series E Savings Bonds

- You can buy Bonds where you work on the Payroll Savings Plan
- You pay no state or local tax and can defer the federal tax on interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

North Lake District To Name Officials

TAHOE VISTA—Three directors of the North Tahoe Public Utility District will be chosen at a biennial election slated for May 5.

Those whose terms expire, but who have indicated they will seek return to office are Byron L. Abbott, director at large No. 1; Myron H. Waddell, director at large No. 2 and Alice L. Sorensen, director at large No. 5, all of whom have filed their petitions.

Under a section of the public utilities act, February 28 is the final date for filing petitions to qualify to have the name on the ballot.

However, if on the 15th day of April, one person only has been nominated for each of the positions of directors at large to be filled at the election, and if a petition signed by not less than 50 landowners in the district requesting that the election be held has not been received by the board, then no election shall be held but in lieu the board of supervisors shall be requested to appoint the directors at large.

Named to serve on the election board, providing the election is held, are Mrs. Eda Judy, Mrs. Unedell Crawford and Mrs. Wanda Brooks. The polling place will be at the Kings Beach elementary school between 7 a. m. and 7 p. m.

Church Plans Made For Lenten Period

The official board of the Methodist Church of the Mountains, at a meeting held in church Monday evening, approved the following major Christian programs for Lent.

Four nights of "Two by Two Visitation" by lay members of the church in homes are scheduled for March 9 through 12. The visitors will make these visits only after training in visitation evangelism under the direction of Dr. Dawson C. Bryan. The church has its goal winning 20 members for the Church of the Mountains to be received into membership on Passion Sunday, March 15.

A school of missions is planned for four Sunday evenings, February 23 and 30 and March 1 and 8. A fellowship dinner will be served in the social hall of the church each of these four evenings. Following the dinner each night, those attending will see new Christian movies in color and sound portraying the confrontation of the Christian with Communists in Red China, Christian life and work in Korea and the struggles of the Christians in Asia.

Everyone is invited to attend and enjoy these four evenings. The fellowship supper begins each Sunday at 6:30 p. m.

The choral work of the church is to be enlarged during Lenten and Easter season. Two choirs, a vocal and brass choir will attempt to achieve new music for the Sunday morning service each Sunday from 11 a. m. until noon.

The Sunday school has a full staff of competent teachers, with a class for each age group and is using current Methodist curriculum on Sunday school materials and is looking forward to the all new curriculum to be used first in September. The Sunday school meets at 9:45 a. m.

The final emphasis approved by the board is on finance and Christian stewardship. As a minimum, a monthly letter will be sent to all members and friends of the church emphasizing what the church is doing to serve the community and what it is doing to help the individual.

ATTEND MEETING

SQUAW VALLEY—Rev. Frank Evans and Guy Payton Wednesday attended a luncheon in Sacramento at the Pioneer Congregational Church to hear Dr. Ben M. Herber, president of the United Church of Christ.

Tahoe Air Patrol Will Get Charter

TAHOE CITY—The Lake Tahoe Squadron of the Air Force Association will have their charter presented at the February 17 meeting by Robert Vaughn, deputy commissioner, California Wing of the Air Force Association. This meeting will be held at 8 p. m. at the Tahoe Lake School and Vaughn will speak on related subjects and there will be a period at which time he will answer all questions.

Membership for the Lake Tahoe Squadron includes all of the Lake Tahoe area, Truckee and Donner Summit. Membership applications are still available for those interested. Eligible for membership are all people honorably discharged from military service, retired military personnel, and anyone who has a general interest in the air force.

Anyone interested and who would like to know about the Air Force Association is welcome to attend this meeting.

The scheduled meeting day for the squadron remains the 3rd Monday of the month.

The California Wing Convention will be held in Palm Springs April 24, 25 and 26 at the Riviera Hotel. It is hoped that the membership of the newest squadron will be able to be represented. This will be on the agenda for discussion.
